## HISTORY OF THE REGATTA

The Head Of The Charles® Regatta, the world's largest annual two-day rowing event, was first held on October 16, 1965. The race was established by Cambridge Boat Club members D'Arcy MacMahon, Howard McIntyre, and Jack Vincent, with the assistance of Harvard University sculling instructor Ernest Arlett. Arlett proposed that a "head of the river" race, similar in tradition to races held in his native England, be held on the Charles River. There were nearly 100 single scullers competing in the first Head Of The Charles Regatta.

Over the past 44 years, the Regatta has grown tremendously. Today, more than 8,800 rowers (close to 1,900 boats) from 600 universities, schools, and rowing clubs representing 16 nations compete in 59 different race events. With the generous support of our sponsors—such as Andalucia, EMC—we produce a world-class event that attracts more than 300,000 spectators.

The Head Of The Charles Regatta is managed by the members of the Cambridge Boat Club with assistance from more than 1,200 volunteers, numerous local schools and rowing clubs, and the Massachusetts Department of Conservation and Recreation (DCR). The board of directors of the Cambridge Boat Club appoints three trustees to oversee the management of the race as well as the ten-member Race Committee that meets year-round to oversee the operational and logistical details of the event.

In 1991, the trustees appointed Frederick V. Schoch Executive Director of the Regatta, and he continues to spearhead the event. Schoch, a former secondary school English instructor and rowing coach for many years at Princeton, the U.S. Naval Academy and Georgetown, founded the Challenge of the Hudson regatta in New York. He also has been an active member of the U.S. Rowing National Team Coaching Staff.

The Cambridge Boat Club, located at Gerry's Landing in Cambridge Mass., serves as headquarters for the event. It was established in 1909 for the purpose of encouraging boating and yachting, and as a place for social gatherings for its members. The club maintains an active membership of more than 300.

## FREQUENTLY ASKED QUESTIONS

### **Where does the Head of the Charles start and finish? How long is it?**

The race starts near Boston University's DeWolf Boathouse and finishes approximately 3-miles (4,828 meters) upstream at Herter Park (a/k/a Artesani Park) on Soldier's Field Road in Brighton.

### **What does a "Head" race mean?**

Head races are a class of regattas generally three miles long, with boats racing against the clock. Winners of each race receive the honorary title of "Head of the River" or, in this case, "Head Of The Charles."

### **How does a boat win a Head race?**

Winners are determined by time. The boat that rows the course clocked at the fastest time (including any penalties) wins their event. The quickest rowing time wins (i.e., not the first boat to cross the finish line).

### **How is each boat's time determined?**

Each boat start sequentially approximately fifteen seconds apart, and a start time is noted for each and every boat as it crosses the Start Line; the clock stops for each boat at the Finish Line. The exact time is recorded the instant each boat crosses the Start and Finish. The final Race Time is stated in minutes, seconds and thousandths of a second (ex: 18:46:228).

All boats' preliminary times are posted generally within 15 minutes after the conclusion of each event.

### **What is the best way to follow a Head race?**

Watching a head race is unique because boats start in single file, one after another, at the start line (remember, the winners are determined by time!). As boats are rowing the course, one boat can pass another boat—which means the passing boat is faster.

You can follow a particular boats' progress by noting its "bow number," which is the large number positioned on the bow (front) of every boat; basically, for each lower numbered boat it passes, a passing boat will have rowed the course faster by roughly 10-15 seconds.

Another important viewing tool is the "bow ball," also located on the bow (front) of the boat, which mimics the boat's momentum. In a nutshell, the bow ball should not bob or halt, but rather should

travel smoothly. Long and fluid strokes generally make for faster boats.

### **Is there a penalty system used during the race for various violations?**

Yes, and it may effect the final outcome of each event. A penalty time is added to the boat's final time, which could result in drastic changes to the rower's finishing time. Examples of a reason to be penalized include failing to remain in the confines of the course, and failing to yield to boats who are attempting to pass.

### **What if a boat wants to pass another boat?**

If a competitor is in a passing position, the slower boat must move or "give weigh" to the side or risk penalty. This is part of the sportsmanship of the sport.

### **How can I distinguish each team or rower?**

Every boat in each race is given a number, known as a "Bow Number." The number will appear on the bow (front) of the boat. All of the bow numbers are listed in the Head Of The Charles program. Many clubs also have identifying marks on their blades (oars) or uniforms—but they may be borrowed equipment from another club. Bow numbers are the most accurate method to distinguish competitors.

### **What's a "coxswain"? Do all boats have them?**

The person who steers the boat and gives commands is called a "coxswain" (pronounced COX-in) or "cox." Only the eights and fours have coxswains.

### **How many boats are in this year's Regatta? People?**

This year there are 1,895 boats rowing at the 45<sup>th</sup> Head Of The Charles Regatta. In total, more than 8,800 people will be rowing at HOCR this year. Competition includes boats registered from 36 states and 16 countries. More than 12% of all entries are registered from countries outside of the US. The Regatta has more than 1,200 volunteers working in various capacities including race logistics and venue operations.

### **Can anyone compete in the Head Of The Charles?**

Anyone can compete in HOCR, however they must go through an entry process, and for most there is a lottery process. Approximately 30% of all entries are turned away—primarily due to space limitations of the Regatta. Rowers will get a "guaranteed"

entry if they finish in the top 50% of their field in crew events and within 5% of the winning time in sculling events in which they competed the preceding year.

### **Where are the best locations to watch the Regatta?**

Some of the best locations include anywhere along Memorial Drive (Route 2) in Cambridge, the start line at BU's DeWolfe Boathouse, the finish line at Herter Park, and any of the seven bridges the 3-mile course passes through. Actually, there is not a bad seat on the river.

### **What's new for 2009?**

This year the Head of the Charles has a new event division, the Alumni Eight. This is to give alumni organizations their own unique event-division as there is always a high demand for alumni entries.

For 2009 only, athletes who participate in the 2009 World Championships in Poznan, Poland are permitted to compete twice in the Head Of The Charles Regatta: once in a Championship or Lightweight Sculling Event (single or double) and once in a Championship or Lightweight Sweep Event (four or eight). There are two "Great Eights" comprised of scullers from around the world who will be competing in the Championship Singles and Doubles on Saturday afternoon and the Championship Eights races on Sunday afternoon.

### **What else is there to do at Head Of The Charles?**

A new addition to this year's hospitality offerings is the Eliot Bridge Enclosure (EBE). Situated next to the Eliot Bridge on the Boston side, this tent offers gourmet breakfast and lunch buffets as well as two gratis bar tickets. There is also a cash bar available. Enjoy the weekend in style at this private, comfortable venue. Tickets are \$60 per day or \$100 for the weekend and can be purchased at the door.

Two other popular venues worth checking out: The **Rowing & Fitness EXPO** has the best products and services available to live a healthy lifestyle (whether you row or not!). The EXPO is located by the finish line, by Herter Park. **Reunion Village** is a central gathering place open to the public (admission is \$3/person or \$5 for 2 people per day) for schools, clubs and groups to hang out together, while watching the Regatta at a spectacular location—on the Boston side of the Weeks Footbridge, overlooking Harvard University and the famed Weld Boathouse.

## GLOSSARY OF TERMS

**BLADE:** Otherwise known as “Oar,” but most rowers refer to them as blades.

**BOW:** The front of the boat. Rowers are seated facing the stern of the boat.

**BOW BALL:** The white rubber ball on the front end of the boat (“shell”) that protects it, and provides an easy way to see who’s ahead.

**BOW NUMBER:** A numerical sign mounted on the front of each competing boat, indicating the boat’s starting position in its event division.

**COXSWAIN:** He/She steers and acts like a coach by communicating position and strategy to rowers. The coxswain must weigh at least 100 pounds. Coxswains are included in two events: the four with a coxswain and the eight.

**CREW:** The group of competitors propelling and steering a boat.

**DOUBLE:** Boats propelled by two people, each with two oars.

**EIGHTS:** Eight-oared boats with eight rowers plus a coxswain. Each rower has an oar. The boat is 58 feet long and weighs about 210 pounds.

**FOOT STRETCHER:** The place where the rower’s feet are positioned. The rower’s shoes are bolted into the footrests.

**FOURS:** Four-oared boats with four rowers plus a coxswain. Each rower has one oar.

**HEAD RACES:** Races taking place in the Fall season, usually at least 3 miles long, as physiological training for the “sprint” season in the spring. Head boats compete against each other indirectly by racing against a clock. They line up in order according to numbers on their bows and start at 10-15 second intervals. Winners of each event are deemed “‘Head’ Of The River” (ex: “Head Of The Charles”)

**PENALTY:** An addition to a boat’s course time as punishment for steering or other racing rule violations.

**PORT:** The left side, when facing the bow (front) of the boat. However, rowers are seated facing the stern, so port is on their right side. The opposite side is “starboard.”

**POWER 10:** A call for rowers to do 10 of their best, most powerful strokes. It’s a strategy used to pull ahead of a competitor.

**QUAD:** Short for quadruple sculls. Boats propelled by four people, each using two oars (sculling). Unlike fours, quads do not use coxswains to steer the boat. Instead, the person sitting in the bow (first) seat steers the boat with their feet while rowing backwards.

**RIGGER:** The triangular shaped metal device that is bolted onto the side of the boat and holds the oars.

**SCULLER/SCULLING:** A person or the act of a person using a pair of oars to propel the boat.

**SEAT:** Each person sitting in a boat has a seat number to locate their position within their boat. For example, an Eight will have a bow-seat, 2-seat, 3-seat, 4-seat, 5-seat, 6-seat, 7-seat, and 8-seat (a/k/a “stroke seat”).

**SLIDE:** The tracks at the bottom of each boat where the seats slide back-and-forth as the rower propels the boat with their legs.

**SINGLES:** Boats 27 feet long, 11 inches wide, and weighing some 25-30 pounds, propelled by one person with two oars, also referred to as “sculls.”

**STARBOARD:** The right side, when facing the bow (front) of the boat. However, rowers are seated facing the stern, so starboard is on their left side. The opposite side is “port.”

**STROKE RATE:** Number of strokes per minute the crew takes. Stroke ratings vary from boat to boat, depending on the number of rowers and size of athletes. At the start, the stroke rate will be higher 36 – 38 strokes per minutes for an Eight, then settle at the middle of the race to 32 – 36 strokes per minute. Singles (scullers) will start at 32 – 34 strokes per minute, then settle to 28 – 32. Most rowers will attempt to sprint the final 500 meters of the race.

**STROKE:** The person who is closest to the stern and sets the rhythm for the boat; others behind him/her must follow his/her cadence.

**SWEEPS:** Each person using a single oar to propel the boat, most often in Fours or Eights.

## READING RACE RESULTS

For each event in the Head Of The Charles, there will be two sets of results distributed. The first set, marked “Unofficial,” is the actual time that each boat completed the course. Using a 15-station adjudication system, judges then assess penalties to racers in violation of course rules. Once these penalties are assessed, a second set of results, marked “Official,” will be distributed.

Below is a sample of how the results appear on the result sheet. Penalties are noted in the far right column and include the penalty code with the corresponding time addition.

- 2 **Grand-Master Women's Singles (50+)** 8:12 AM  
*Course Record: 20:55.728 (Margarita Jekabsons-Zezza, Lincoln Park BC, 2008) Competitors: 29*  
One year ago, in her first year at the Grand-Master age level, Margarita Jekabsons-Zezza captured the title with ease, bettering even Virginia Gilder, who still holds the all-time course record in the Champ Women's Singles set back in 1982. While Jekabsons-Zezza is back this year, the field looks very different. Starting behind her will be Diane Davis of Amoskeag Boat Club as well as fellow Amoskeag rower, Charmie Curran, who moves from the Senior-Master to Grand-Master level this year.
- 3 **Senior-Master Men's Singles (40+)** 8:39 AM  
*Course Record: 18:19.758 (Gregory Benning, Cambridge BC, 2007) Competitors: 45*  
For two straight Regattas, Tom Bohrer played bridesmaid to course-record holder Greg Benning of Cambridge Boat Club. That was until last year. Bohrer burned up the course, bettering the field by more than 20 seconds en route to his first title. With Benning not entered, Bohrer will be a strong favorite starting ahead of last year's runner up, James McGaffigan, of Saugatuck Rowing Club.

Cambridge Boat Club's rowing queen, Ellen Kennelly, is vying for her 6th consecutive Senior Master Singles title—which would be the most consecutive victories in this event. Kennelly will look to pass rowing legend, Judy Geer, who also holds 5 (non-consecutive) titles in this age group. Other notable rowers include Susan Brown and CB Sands-Bohrer, who were 2nd and 3rd place finishers at this event last year.

including 2008 runner up, the 1980 Rowing Club, a boat of former Olympians, as well as the always strong Leander Boat Club, which will start 3rd. The race will feature a field representing six countries including Partez Rowing Club making the trip from Japan.

*Course Record: 18:00.427 (1980 Rowing Club, 2007)* *Competitors: 22*

Look for a barnburner of a race as two-time defending champion 1980 Rowing Club attempts to hold off 2005 champ Martha's Moms Rowing Club. A year ago, Martha's Moms made an impressive showing from the 9th bow position to finish just a fraction of a second behind the 1980 crew. This year, Martha's Moms will have their top opposition in clear view, starting 2nd behind the 1980 boat.

The 1980 Rowing Club will be in search of a three-peat at this year's Regatta after last year's impressive 33 second victory over 2nd place finisher and 2006 champion Rocky Mountain Rowing Club. Looking for a dark horse in this event? Try Minneapolis Rowing Club, who finished 3rd a year ago.

*Course Record: 19:48.392 (Watercat Rowing Club, 2007)* *Competitors: 23*

Similar to the men's race, Watercat Rowing Club is also in search of three in a row. The course record holders were 23 seconds faster than 2006 champion Minnesota Coaches a year ago and will have open water ahead in hopes of defending their title. Saugatuck Rowing Club from nearby Connecticut, looks to better their 3rd place finish from 2008.

- 9 **Senior-Master Men's Doubles (50+)** 10:30 AM  
*Course Record: 18:06.910. (Raimund Haberl & Rob Slocum, 2007)* *Competitors: 32*

Defending champions Peter Kermond and Scott Roop will start at the head of the field in hopes of winning back-to-back titles, but their biggest competition might be a boat starting midway back. Course-record holders Raimund Haberl and Rob Slocum, of Norwalk Leander Boat Club, return after a year's absence and will start in the 8th bow position. North Star Rowing Club's Peter Webster and Robert Mills, 3rd a year ago, also hope to challenge from the 2nd bow.

Last year, the duo of Linda Brumder and Evelyn Hamann pulled off the

upset in unseating five-time champions Joan Linse and Susan Kinne. Linse and Kinne won't return, but Brumder and Hamann will perhaps begin a new rivalry as Ingeborg Stekl and Fran Tuite, of Lincoln Park Boat Club, will elevate to the Senior-Master age group and take over the top bow position based on finishing times from a year ago. Nina Mitchell and Mary Madison, 3rd a year ago, will also look to challenge.

*New Event for 2009* *Competitors: 33*

Famous for their original names, alumni crews on the men's side will include monikers such as Nonesuch Oar (former Harvard lightweights), Fat Cat Rowing Club (Princeton alums) and the Rude and Smooth Boat Club (a boat of former Harvard heavyweights).

- 12 **Alumni Women's Eights** 11:22 AM  
*New Event for 2009* *Competitors: 20*

Like their male counterparts, the Alumni Women's Eights event will feature boats comprised entirely of athletes representing the same school. You will still find a few "ghost" names for these boats, but will also have plenty of traditional college and university names including the College of the Holy Cross, the Dartmouth Alumni and even a crew from the University of Virginia.

*Course Record: (Nat Keohane, Harvard Sculling Club, 1997)* *Competitors: 63*

The ladies from Riverside Boat Club will look to once again pull off the daily double with their men's counterpart and capture their 2nd straight title. Last year's runner up, Clemson University, will once again begin in the 2nd bow position but will need to improve significantly on their 2008 finish, nearly 24 seconds off the winning pace. Baltimore Rowing Club, which finished 2nd in 2007, could also challenge.

**17 Club Men's Eights**

12:57 PM

*Course Record: 14:56.49 (Onota Lake Rowing Assn., 1997)**Competitors: 49*

The Club Men's Eight could once again become a battle of crews that call the Charles River home as two-time defending champion Harvard University will row from the 1st and 3rd bow positions, sandwiching 2008 runner up Northeastern University. 2005 champion ASR Nereus, representing The Netherlands, will look to make up for a disappointing performance a year ago and could challenge for gold. Also look for Yale University, starting 5th, and 2006 champion BMA Boat Club, starting 9th.

The Bulldogs will return again this year, looking for a back-to-back title, but will once again have to fight against a wildcard field that includes last year's 3rd place finishers from Lake Union Crew and the 4th place boat from Austin Rowing Club.

*Course Record: 17:13.68 (Mike Smith, Dan Gorriaran, 2003)**Competitors: 24*

 Teresa Zarzeczny-Bell and Saiya Remmier broke their own course record a year ago and, in doing so, became the first boat in the event to break the 19-minute mark. This year, they'll be pushed by a group of usual suspects that includes 2008 runners-up Cathy Coffman and Hilary Kerner, along with third-place finishers Janet Bellantoni and Izzie Brown and well-known locals, Mary Mazzio and Cindy Matthes.
- 21 **Master Men's Fours** 1:59 PM  
*Course Record: 17:03.38 (Belfast RC, 1997) Competitors: 25*  
 Few events at the Head of the Charles have been dominated in consecutive years like Master Men's Fours. After Palm Beach Rowing Club won three in a row from 1998-2000, the 1980 Rowing Club took over with four straight wins from 2001-2004. This year, Cambridge Boat Club will look to one up that accomplishment as they go for their 5th straight title in the event. Last year was a tight heat as Cambridge and Palm Beach battled to the wire, with the locals pulling out a 3 second win. Both boats return as formidable contenders this year, and will look to hold off a field that includes 2008's third-place finisher, Pocock Rowing Center.
- 22 **Master Women's Fours** 2:12 PM  
*Course Record: 18:42.838 (Minnesota BC, 2008) Competitors: 25*

Looking to challenge from the 2nd bow position will be last year's runner up and two-time champion (2005, 2007) Penn Athletic Club. International entry RV Rijnland of The Netherlands will take the third bow, looking to improve upon its time from a year ago.
- 24 **Master Women's Eights (40+)** 2:48 PM  
*Course Record: 17:14.17 (Long Beach RC, CA 2001) Competitors: 21*

With defending champion Minneapolis Rowing Club sitting out this year, Marin Rowing Association will have top bow position in search of its first championship. Local entry Cambridge Boat Club, which finished 4th a year ago, will start 2nd and look to quickly close the gap on Marin. Since this event began 13-years ago, only a handful (5) share the title for this event. 2009 could have a new name added to that list, as Lake Union Crew starts in the 11th bow position—yet they will have to navigate choppy waters to have a solid row.

- 25 **Championship Men's Doubles** 3:07 PM  
*Course Record: 16:01.20 (Boston Rowing Center, 1992) Competitors: 21*

Be ready for drama as the marquis races on Saturday start with a bang. A new rule allowing athletes from the 2009 World Championships to compete in both sculling and sweep championship events has stacked the men's double field with power. Members of the "Great Eight" (listed as the Tideway Scullers) including Allan Campbell and Marcel Hacker (bow 4), Iztok Cop and Warren Anderson (bow 5) and Tim Maeyens and Onderj Synek (bow 3) will all be at the front of the pack. Defending champion Peter Graves, teamed with his brother and 2009 Worlds partner, Thomas, will try and hold off the Tideway Scullers. Also watch out for the German duo of Silke Kruger and Eric Knittel (bow 2), of Deutscher Ruder Verband, who captured the World Championship this year in Poznan, Poland.

- 26 **Championship Women's Doubles** 3:21 PM  
*Course Record: 17:46, 037 (Emma Twigg, Juliette Haigh, 2008) Competitors: 20*

Championship Women's Doubles is a wide open field with each of the top eight finishers from 2008 not returning to the event. Two key entries to watch for are USRowing/Westminster entries featuring Mathilde Pauls & Jennifer Berry (bow 4) and US Rowing's W2x finalist at Poznan, Megan Calmoe & Ellen Tomek (bow 5). Leading the pack in the 1st bow position will be Lizzy Boyle and Katie Seston, of New York Athletic Club, who finished 9th in 2008.

*Course Record: 16:26.721 (University of Michigan, 2008) Competitors: 36*

Two-time defending champion and course-record holder University of Michigan is looking for three in a row in one of the Regatta's newer events, but will have a strong field looking to challenge. Trinity College will look to avenge last year's half-second loss to the Wolverines from a significantly better position (bow #2 this year vs. bow #20 in 2008) to do so. Plenty of local crews to cheer for in this event including UMass, Northeastern and UMass-Lowell.

28 **Collegiate Women's Fours** 3:54 PM  
*Course Record: 18:54.730 (Western RC, 2008)* *Competitors: 34*  
 With defending champion Western Rowing Club not returning, local power Simmons College will look to finally reach the winner's circle. Last year's 3rd place finisher William Smith College will start 2nd and push Simmons. 2007 champion Marquette University returns after a year's absence and will begin in the middle of the pack holding the 14th bow position.

29 **Championship Men's Singles** 4:15 PM  
*Course Record: 17:29.80 (John Biglow, Yale Univ., 1982)* *Competitors: 41*  
 Look for plenty of speed in the Championship Men's Singles event as defending champion Nathan Cohen of New Zealand will be pushed by reigning world champion (and fellow Kiwi) Mahe Drysdale, who won the event in 2005. Lassi Karonen, rowing with Drysdale in the "Great Eight," will also challenge, as will Canada's Malcolm Howard who is the 2007 HOCA winner for this event. U.S. National team member Glenn Ochal and Magdy Abd Elhamid, a member of the Egyptian National Team, will be dark horses in the event, as will Michael Perry, who always rows a fast course in the Head of the Charles.

30 **Championship Women's Singles** 4:29 PM  
*Course Record: 18:45.60 (Virginia Gilder, Boston RC, 1982)* *Competitors: 27*  
 In 2008, Gevvie Stone came from nowhere in a star-studded field to capture the Championship Women's Singles event. She'll have open water in front of her but will have to look in back as the talented field includes New Zealand's Emma Twigg, who set the course record in Championship Doubles last year, U.S. Rowing's Margot Shumway and Esther Lofgren and Canada's Jane Rumball, who has won the Head Of The Charles in both Championship Doubles and Eights. Catherine Reddick, who finished 5th in 2008 and Natalie Dell of Riverside Boat Club will be dark horses in this event.

*(All Times Adjusted by 12 Second per Year Over 70)* Competitors: 27

At age 79, Richard Kendall is in search of his 9th Senior-Veteran Men's Singles title and, if 2008 is any indication, he is certainly capable. Kendall, whose only "non-win" in the event since 2000 was due to a break to undergo cancer surgery, proved he still has top speed by setting the course record in 2008. But things may not be completely smooth sailing for Kendall as this year he'll face new competition in Bennett Jones, the reigning champion in the 60-plus Veteran Men's Singles, who is now eligible for the 70-plus division. Also look for former champ Carlos Zezza as well as legendary Harvard head coach Harry Parker, who also moves to the 70-plus age group this year.

*(All Times Adjusted by 8 Second per Year Over 60)* Competitors: 60

With defending champion Bennett Jones elevating to the 70-plus division, Veteran's Men's Singles is a difficult field to handicap. One name that will stand out to local racing buffs is James Dietz. Dietz was a U.S. Olympian in the 1970's and won the Championship Men's Single title at the Head of the Charles seven times, including a record six straight. His son, James II, is also racing in this year's Regatta and could be a dark horse in the Championship Men's Single himself.

At age 68, Brooke Stevens is hoping to add a 2009 title to her record five wins in Veteran Singles. Seeded based on raw time from 2008, Stevens will start back in the 7th bow position, but will have the age handicap of 64 seconds on her side as she takes on a field of

They'll return in 2009 to defend their title against last year's runner up Everett Rowing Association.  Princeton University will look to be the first college crew to win back-to-back Lightweight Men's Eights titles since rival Yale University accomplished that feat in 2000 and 2001. The Tigers captured their 4th victory in the event last year, finishing 11 seconds clear of runner up, the U.S. Naval Academy. New York Athletic Club, which had won four titles in six years, finished a disappointing 7th a year ago and will look to improve on that from the middle of the pack this year.

- 50 **Lightweight Women's Eights** 3:10 PM  
*Course Record: 16:14.90 (Argonaut RC, 1992)* *Competitors: 15*  
Vesper Boat Club came from the 10th bow position in last year's 15 boat race to win the title, upsetting three-time champion Riverside Boat Club along the way. Vesper is back to defend their title but will need to stave off the IRA Champions from University of Wisconsin. Queen's University of Canada, 2nd a year ago, will also challenge.
- 51 **Championship Men's Fours** 3:24PM  
*Course Record: 15:34.40 (Princeton Training Center, 1997)* *Competitors: 20*  
Two-time defending champion US Rowing is in search of their 10th Championship Men's Fours title since 1997. A year ago, the U.S. national team beat a field comprised primarily of college crews and coasted to a 9 second victory over runner up University of Wisconsin. The Badgers will look to close that gap this year as will a field of 20 that includes local entries Harvard University, MIT and Northeastern.
- 52 **Championship Women's Fours** 3:37 PM  
*Course Record: 17:27.35 (London Training Center, 2003)* *Competitors: 22*  
American Stars & Stripes may shine for the first time ever in the Championship Women's Fours as the top two boats competing represent the U.S. National team. Seven-time champion Rowing Canada will sit out this year's event, making room for the first-ever American victory. The 1st bow will belong to US Rowing, the official U.S. National team entry. The 2nd bow position belongs to Old Glory Boat Club, a crew comprised of four elite U.S. scullers making the transition to sweeps. Many other boats could challenge, but these two stand head and shoulder above the rest.
- 53 **Championship Men's Eights** 4:09 PM  
*Course Record: 13:58.99 (US Rowing, 1997)* *Competitors: 39*  
Bring on the fireworks as the most elite international field in Head of the Charles history takes to the water in the Championship Men's Eights. Headlining the field is the Tideway Scullers, better known as the "Great Eight," starting in the 6th position. Most of the members of this boat have Olympic or World Championship medals in sculling and were brought together to win the Head of the River in Great Britain earlier this year. There are plenty of challengers, though. Pole France Nancy, the French National team, returns for the second straight year, while reigning world champions, Deutscher Ruder Verband, the German national team, are back in Boston after a short hiatus. There is an extremely fast British boat from Molesly Boat Club containing members of the Great British national team, as well as 11-time champion, US Rowing. And if that wasn't competition enough,

defending champions and the reigning National Collegiate Champions, the University of Washington, will start with bow #1.

54 **Championship Women's Eights**

4:26 PM

*Course Record: 15:26.572 (US Rowing, 2007)*

*Competitors: 32*

The women's race will feature its own version of the "Great Eight" competing as ASR Neurus and is placed on a group of decorated rowers from around the world gathering together in Boston for this event. They'll start second, though, to defending champion London Training Center, aka the Canadian National team. Also challenging will be the reigning world champions from US Rowing who certainly know a thing or two about Boston, having captured the Head of the Charles five times since 2001, including a record setting row in 2007.

## “THE GREAT EIGHT”

In March 2009, legendary coach Bill Barry assembled an eight-man boat comprised of the greatest scullers from the 2008 Olympic Games in Beijing. What became known as “The Great Eight” competed in—and won—the famed Head of the River Race on the Thames River in London.

At this year’s Head Of The Charles Regatta, Coach Barry brings his famous men’s crew together again, this time to try the waters of the Charles River, which is the most difficult rowing course in the world with all its curves and bridges.

Seven of the eight members of the original Men’s *Great Eight* have come to Boston and will row in the Championship Men’s Eights event on Sunday (as the Tideway Scullers, Bow #6). To showcase their sculling skills as well, each of the eight will be permitted to also row in a sculling event (either Championship Singles or Championship Doubles) on Saturday.

Not to be outdone, a group of elite female rowers from all over the world also have assembled an “all-star” boat of their own. They will row in the Championship Women’s Eights on Sunday (as ASR Nereus, bow #2).

The following are the athletes that will comprise these two all-star boats (as of press time, not listed in final boating order):

### **Tideway Scullers (sculling event in parenthesis)**

Warren Anderson, USA (2x with Cop)  
 Allan Campbell, Great Britain (2x with Hacker)  
 Iztok Cop, Slovenia (2x with Anderson)  
 Mahe Drysdale, New Zealand (1x)  
 Marcel Hacker, Germany (2x with Campbell)  
 Lassi Karonen, Sweden (1x)  
 Tim Maeyens, Belgium (2x with Synek)  
 Onderj Synek, Czech Republic (2x with Maeyens)

### **ASR Nereus (sculling event in parenthesis, if applicable)**

Anna Bennington, Great Britain  
 Erin Cafaro, USA  
 Femke Dekker, Netherlands  
 Susan Francia, USA  
 Nienke Kingma, Netherlands  
 Jane Rumball, Canada (1x)  
 Emma Twigg, New Zealand (1x)  
 Annie Vernon, Great Britain  
 Katelin Snyder, USA (Cox)

The EXPO has all the coolest gear and healthy resources, for rowers and non-rowers alike. More than 60 merchants and exhibitors of all lifestyles will be there—including artisans, clothiers, health organizations, sports groups and much more! Applaud the HOOCR rowers who will be awarded the title of “Head Of the Charles” at the three Awards Ceremonies taking place at the center of the tent. The Rowing & Fitness EXPO tent is located near the racecourse finish line, at Herter Park in Brighton.
